2018 KLX110 was built with the serious off-road enthusiast in mind. 112cc of power, a 27-inch seat height, and a sticker price of \$2,299 differentiate this Kawasaki in what has become a highly competitive segment of the motorcycle market. Built in Japan but ridden the world over, the KLX110 was designed to be taken straight off the showroom floor and ridden away from the truck and into the elements - a 1.0-gallon tank provides fuel for the journey.
